Karlskrona 2019-10-24

To whom it may concern,

**Regarding EU directive 2011/65, Restriction of the use of certain hazardous substances in electrical and electronic equipment (RoHS)**

Roxtec International AB develops, design, manufacture and sell sealings for cables and pipes based on EPDM rubber to customers all over the world. We are certified according to ISO 9001 and ISO 14001.

Roxtec International AB is committed to minimize the use of harmful chemicals for electric equipment and complies with the demands in the EU directive 2011/65 (incl. 2015/863), also called RoHS, for all products except C RS T and RG M63 where we comply within an exemption for lead in copper (brass) alloys. The exemption is described in Annex III (6c) and allows copper (brass) alloys to contain up to 4% lead by weight.

We declare to the best of our knowledge that the products supplied by our company are compliant with the RoHS declaration and do not contain restricted substances.

This statement is valid under known conditions at the date of issue.

Yours sincerely,

Roxtec International AB
