Job Id: **262.1-009302-4**
Certificate No: **TAE000037F**

Product description

"Cable and pipe penetration system CHP series (CHP 150/4 and CHP R75)"
consisting of Roxtec CHP-series sleeve (CHP 150/4 and CHP R75), bolted or welded to a steel section.
For further details, see the drawings listed under Type Approval documentation below.

Application/Limitation

Approved for penetration in bulkheads or decks limited to a water pressure of 11 bar.
The penetration system is generally not to be used for penetrating boundaries of tanks.

Each product is to be installed with its manual for installation and use.

Type Approval documentation

Certification in accordance Class Programme Type approval DNVGL-CP-0338 September 2018.

Drawings:

S1018766 Rev. B dated 4 November 2009

S1018976 dated 25 November 2009

Pressure test reports (water) according to Class programme DNVGL-CP-0165.

Test period extended to 169 hours.

No. 10894 (Dated December 2009) from Roxtec

No. 10894-1 (Dated December 2009) from Roxtec

Tests carried out

Test reports witnessed by DNVGL Malmö:

MLM 090890 dated 10 September 2009 from DNV Malmö

MLM 090891 dated 10 September 2009 from DNV Malmö

Watertightness tests according to Class programme DNVGL-CP-0165

Marking of product

The product or packing is to be marked with name of manufacturer and type designation

Periodical assessment

The scope of the periodical assessment is to verify that the conditions stipulated for the Type approval are complied with and that no alterations are made to the product design or choice of materials.

The main elements of the assessment are:

- Inspection on factory samples, selected at random from the production line (where practicable)
- Results from Routine Tests (RT) checked (if not available tests according to RT shall be carried out)
- Review of type approval documentation
- Review of possible change in design, materials and performance
- Ensuring traceability between manufacturer's product type marking and Type Approval Certificate.

Periodical assessment is to be performed after 2 years and after 3.5 years. A renewal assessment will be performed at renewal of the certificate.
